This is a PRO-FORMA INVOICE for customs use only. DO NOT use this document for making payments. An invoice for your order will be mailed separately to the billing address.

Country of Origin: Germany

NON-HAZARDOUS; not harmful to livestock or poultry

Content description: This shipment contains small amounts (milligram/milliliter range) of chemically synthesized research reagents and/or proteins isolated from yeast (product# PR-*) and/or plastic lab consumables.

These products:

- are not hazardous or toxic to humans or animals
- do not contain and are not derived from animal products and neither have components of animal origin been used during manufacturing, unless stated otherwise
- are not for use in living organisms or in food or nutrition production
- do not contain genetically engineered material
- are supplied as lyophilized powder or solution in water, delivered in small plastic vials or blocks which are placed in plastic bags or cardboard boxes.
