Dear Dr. Sergeenko and Dr. Amiran,

I wanted to follow-up with you on a change at CDC/DVH leadership. As you are aware, John Ward is leaving CDC next month. Since the tradition is that a Senior CDC Scientist serve as TAG chair, I would like to discuss with you some possible replacement for Dr. Ward as he rotates off the TAG. Also I am of course open to other ideas for TAG membership and Chair that you may have; we can discuss during my visit next month. Let me know your thoughts, I look forward to meeting you soon. Also, we need to find some dates for next TAG, I will ask availability of Gregg and others.

Best regards, FA
