№ 01/6073

09 / June / 2020

Ms. Andrea Ammon  
Director  
European Center for Diseases Prevention and Control

Dear Ms. Ammon,

First of all, I would like to express my sincere gratitude to you personally and to European Center for Diseases Prevention and Control (ECDC) for continued cooperation and support.

It is our great pleasure that Georgia is given an opportunity to join EU Initiative on Health Security funded by the European Commission (Directorate-General for Neighbourhood and Enlargement Negotiations), which aims at improving health security in the EU and the European Neighbourhood Policy (ENP) partner countries from threats posed by communicable diseases.

This initiative will significantly assist us to strengthen national capacity in prevention and control of communicable diseases and contribute to Georgia's integration into ECDC preparedness, response and threat detection activities as well as capacity building of epidemiologists through MediPIET project.

Therefore, I would like to confirm that Deputy Director General of the National Center for Diseases Control and Public Health - Dr. Paata Imnadze (pimnadze@ncdc.ge; tel.: +995 599906853), current ECDC National Correspondent will serve as a contact point for interaction with ECDC in relation to the EU initiative.

Thank you once again for proposed collaboration and support.

Sincerely yours,

Minister
