GEORGIA

20 June 2018

Dear Minister,

With reference to my letter of 30th May, 2018, we hereby suggest the potential consultants who could assist ILO tripartite constituents in Georgia in improving working conditions in Saknakhshiri (GIG Group) Ltd and could also provide expertise in a number of areas, such as business organization, work practices, mine management, and operation practices and systems, as follows:

1. SRK Consulting international consulting group  
(<https://www.srk.com/sites/default/files/File/Brochure/srk-mining-aug2017-english-LR.pdf>)
2. TÜV SÜD (<https://www.tuv-sud.com/about-tuev-sued/about-us>)
3. NATIONAL INSTITUTE FOR RESEARCH AND DEVELOPMENT IN MINE SAFETY AND PROTECTION TO EXPLOSION – INSEMEX PETROSANI  
(<http://insemex.ro/home-en/>) and
4. Arbetsmiljöverket, (Swedish Work Environment Authority) (<https://www.av.se/en/>)

We hope the selection of the best consultant(s) able to perform this task will be done through tripartite consultations, taking into consideration the overall responsibility of the employer in creating safe and healthy working conditions.

The ILO stands ready to assist in promoting workers' participation, in providing training and in other relevant ways.

Yours sincerely,

Heinz Koller

Assistant Director-General  
Regional Director for Europe and Central Asia
