COVID-19 IgG/IgM – RAPID QUALITATIVE SCREENING TEST

- Camtech product
- Results within 10 minutes from whole blood/serum/plasma
- Suitable for testing a large number of patients
- Ability to estimate the time of infection
- ISO 13485 certified.
- Pending approval from Singapore Health Science Authority (HSA) and Europe CE mark.

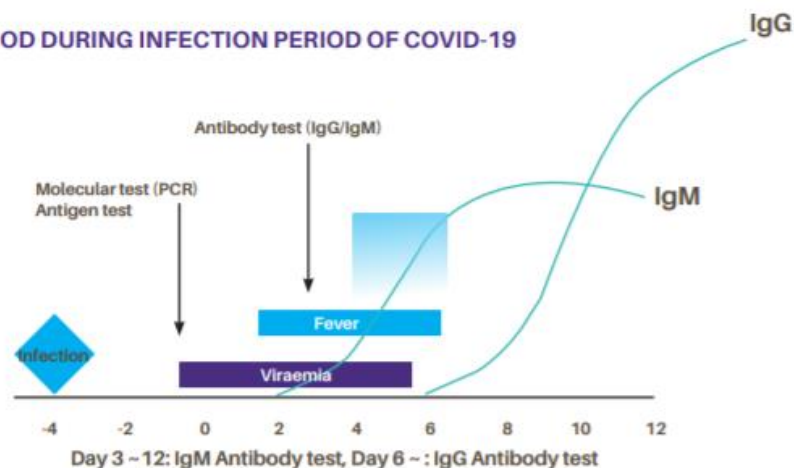

Negative results of the Rapid Test do not rule out SARS-CoV-2 infection, particularly in those who have been in contact with the virus.

Follow-up testing with a molecular diagnostic should be considered to rule out infection in these individuals. Results from antibody testing should not be used as the sole basis to diagnose or exclude SARS-CoV-2 infection or to inform infection status.
