

Map of Tbilisi, Georgia, showing the distribution of COVID-19 cases by district. The map uses red circles of varying sizes to represent the number of cases, with a legend on the left indicating five ranges: 228-8000, 8001-13000, 13001-20000, 20001-35000, and 35001-50000. The largest circles are concentrated in the central districts, particularly around the city center and the area near the airport. The map also shows major roads, green spaces, and other geographical features. A scale bar at the bottom right indicates distances in kilometers (0, 0.75, 1.5, 3, 4.5, 6).
