**RECOMMENDATION LETTER**

Jan. 27, 2005

I, Yoshiharu Higuchi, Project Manager of Official Consultant of Japanese Grant Aid Project (Director of Medical System Department of the ICONS International Cooperation Inc. Japan), have the honor to introduce Ms. Nino Lomidze.

We have worked together during my official consulting works for Japanese Grant Aid Project in Georgia. She has worked with me as specialist at the Department of Technics and Technologies of the Georgia, Ministry of Labour, Health and Social Affair from 2002 up to the present. She has performed herself as a well-educated and highly advanced and qualified specialist who has contributed her knowledge and efforts in our mutual work to succeed in the Project for Improvement of Medical Equipment of Primary Health Care Facilities in the field of Mother and Children Health.

She is smart, good motivated, friendly, sociable and communicative, also possesses many other remarkable personal traits like good sense of humor, flexibility. She has wide range of interests.

Ms. Nino Lomidze is a trustworthy and reliable person, who knows the scope of work according to the activity at the Department of Technics and Technologies since 2002. She operates with office equipment, information analysis very well. She can properly match goals and tasks and meet deadlines. She is competent in many questions of health care in Georgia especially in the planning of medical facilities.

I think that for the period we have worked together she gained a good experience of teamwork and international cooperation.

Taking into account all the above mentioned I am pleased to recommend Ms. Nino Lomidze to a relevant position or a new higher appointment. I believe that she will be a very helpful and necessary employee.

Cordially yours,

---

Yoshiharu HIGUCHI  
Director  
Medical System Department
