To whom it may concern

This is to certify that Ms Natalia Chubinidze, the participant of Lane Kirkland Scholarship Program 2009-2010, was an intern with Helsinki Foundation for Human Rights in Warsaw, Legal Assistance to Refugees and Migrants Program, from 9 March 2010 until 9 April 2010.

During her internship Ms Chubinidze had an opportunity to get acquainted with procedures on granting refugee status and other forms of international protection in Poland, as well as other legal issues related to immigrants' stay in Poland, such as residence permits and visas. She has also translated information booklets, elaborated by the experts of Helsinki Foundation for Human Rights, from Russian into Georgian. Besides, during her internship Ms Chubinidze took part in the Training Workshop organized by the Rule of Law Institute within the framework of a project "Migrant Rights: Nigerian-Polish Initiative".

We hope the knowledge and experience she gained will prove helpful in her future career.
